About Chrome Cube Lab “The Cube was born in 1974 as a teaching tool to help me and my students better understand space and 3D. The Cube challenged us to find order in chaos. Since then, technology has made fantastic progress in bringing new possibilities to how we learn and how we tackle bewildering complexity.

The Checks Lab is also an excellent way for students to experience the very real fact that even in science, cultural biases and experiences do influence interpretations (and even perceptions). Be sure to discuss this a bit, and be sure to start doing the "False Assumptions " lesson to further clarify how our common assumptions and "common sense ...
