In the wake of a man's graphic murder in front of hundreds of party-goers, the victim's best friend, investment expert Grove O'Rourke, is entreated by the man's widow for help, a situation that is further complicated by a dark secret and an expensive cover-up.

" The methods change, but the message stays the same. " This saying is the guiding light for faithful Christians in a changing world. But author Shane Hipps reveals the error in this thinking. Instead he demonstrates how changing the methods always changes the message. He shows us the hidden power of technology to shape our faith in unexpected ways.

In this book, Dr. Li and his author team plan to emphasize why mouse models are useful in vivo systems for understanding disease mechanisms and developing therapeutic strategies in blood cancers. The authors do not intend to cover all types of blood cancers; instead, they will focus on some major ones such as leukemias and lymphomas. However, the authors will try to cover as much as they can the cancer types and point out that many blood cancers need to be studied in mouse disease models although they are still not available at present. A major focus in the book will be to show what we can or cannot learn from mouse disease models and to also show the critical contributions of mouse models in therapeutic drug development.

Readers learn what data to collect, how to analyze it, and how to act upon it. They will learn how to develop everything from an executive level dashboard and ROI measurement to a deep analysis of a specific term or word to see how it can improve overall ranking.

Explains how to ignite innate creativity and free thought processes through the discovery of hidden connections among familiar things

" A masterpiece of thriller and mystery! The author did a magnificent job developing characters with a psychological side that is so well described that we feel inside their minds, follow their fears and cheer for their success. The plot is very intelligent and will keep you entertained throughout the book. Full of twists, this book will keep you awake until the turn of the last page. " --Books and Movie Reviews, Roberto Mattos (re Once Gone) WAITING (The Making of Riley Paige—Book Two) is book #2 in a new psychological thriller series by #1 bestselling author Blake Pierce, whose free bestseller Once Gone (Book #1) has received over 1,000 five star reviews. Brilliant 22 year old FBI intern Riley Paige struggles to decode the riddles of the sadistic serial killer dubbed by media as the " clown killer " —but finds it all becomes too personal when she herself, targeted, is in a battle for her life. Recent college graduate Riley Paige is accepted into the prestigious FBI summer internship program, and is determined to make a name for herself. Exposed to many departments of the FBI, she thinks it will be a quiet summer—until a serial killer holds Washington by suspense. Dubbed the " clown killer, " he dressed and paints his victims as clowns, and mocks the FBI with tantalizing riddles in the media. He leaves everyone to wonder: is he a clown himself? It seems that only Riley has the mind brilliant enough to decode the answers. And yet the journey into this killer ' s mind is too dark—and the battle too personal—for Riley to come out unscathed. Can she win this deadly game of cat and mouse? An action-packed thriller with heart-pounding suspense, WAITING is book #2 in a riveting new series that will leave you turning pages late into the night. It takes readers back 20 plus years—to how Riley ' s career began—and is the perfect complement to the ONCE GONE series (A Riley Paige Mystery), which includes 13 books and counting. Book #3 in THE MAKING OF RILEY PAIGE series is also now available!

Winner of the Northern California Independent Booksellers Award for Poetry (2009) Winner of the American Book Award (2009) In 1965, when the poet Jack Spicer died at the age of forty, he left behind a trunkful of papers and manuscripts and a few copies of the seven small books he had seen to press. A West Coast poet, his influence spanned the national literary scene of the 1950s and ' 60s, though in many ways Spicer ' s innovative writing ran counter to that of his contemporaries in the New York School and the West Coast Beat movement. Now, more than forty years later, Spicer ' s voice is more compelling, insistent, and timely than ever. During his short but prolific life, Spicer troubled the concepts of translation, voice, and the act of poetic composition itself. My Vocabulary Did This to Me is a landmark publication of this essential poet ' s life work, and includes poems that have become increasingly hard to find and many published here for the first time.

Create in 3D with Tinkercad! If you can dream it, you can create it—using Tinkercad. This free tool gives everyone the power to create 3D models, regardless of your level of experience. With the help of Tinkercad For Dummies, you ' ll have the knowledge you need to plan your designs, the know-how to utilize the platform ' s drag-and-drop tools to create your design, and the information you need to print or export your designs to use them elsewhere. Tinkercad is for everyone! It ' s simple enough to be used by kids and students, but robust enough that an adult could use it to create a complex product prototype. With more than 4 million designs posted in the Tinkercad community, the platform is also popular with teachers around the world. Why not join in on the fun? Create your Tinkercad account and join the community Use the drag-and-drop tools to build 3D images Export your designs to have them 3D printed Learn the principles of great 3D design Tinkercad is truly fun for all ages, and this hands-on guide makes it faster and easier to start using it right away!

" A masterpiece of thriller and mystery. Blake Pierce did a magnificent job developing characters with a psychological side so well described that we feel inside their minds, follow their fears and cheer for their success. Full of twists, this book will keep you awake until the turn of the last page. " --Books and Movie Reviews, Roberto Mattos (re Once Gone) IF SHE HEARD (A Kate Wise Mystery) is book #7 in a new psychological thriller series by bestselling author Blake Pierce, whose #1 bestseller Once Gone (Book #1) (a free download) has received over 1,000 five star reviews. Two teenagers, home for their winter break from college, are found murdered in their hometown. There is clearly a serial killer on a rampage, and the FBI is stumped—but can FBI agent Kate Wise, 55, still recovering from giving birth, enter his twisted mind and stop him before another girl dies? An action-packed thriller with heart-pounding suspense, IF SHE HEARD is book #7 in a riveting new series that will leave you turning pages late into the night.

Part of a series designed to prepare applicants who are seeking Federal Aviation Administration (FAA) certifications for the full range of material, this guide offers current test questions, answers, detailed explanations, illustrations, and oral and practical study outlines to the FAA's Airframe Knowledge Exam. The series is designed in a "fast-track" format for increased comprehension and retention of the studied materials. This guide also lists and identifies all the FAA Learning Statement Codes (LSC) that the FAA uses on their Knowledge Test Reports, which are useful for test takers to find out what their weak areas are if they missed any questions on their FAA exams. This volume of the series deals with both parts of the "Airframe" section of the FAA Knowledge Requirements for Aviation Maintenance Technicians.
