Bass on a Budget--This is what you get with Boston's CR400 Subwoofer. This 15 inch cube can complement bass-poor speakers. It has a variable low-pass crossover, phase switch and volume control and can pump out quite a bit of clean lows for its size.

I purchased this unit to replace a Boston CR400 powered subwoofer that had a failed amplifier after 10 years of use. The XB6 is about the same dimensions as the CR400 so it fit my space well. For comparison the CR400 has an 8" woofer and 100 watt RMS amp while the XB6 has 12" woofer and 200 watt RMS amp.
