The Canadian edition of The Little Black Book of Scams is a compact and easy to use reference guide filled with information Canadians can use to protect themselves against a variety of common scams. It debunks common myths about scams, provides contact information for reporting a scam to the correct authority, and offers a step-by-step guide for scam victims to reduce their losses and avoid becoming repeat victims. Consumers and businesses can consult The Little Black Book of Scams to avoid falling victim to social media and mobile phone scams, fake charities and lotteries, dating and romance scams, and many other schemes used to defraud Canadians of their money and personal information.

The charismatic forger immortalized in Catch Me If You Can exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, Stealing Your Life is the reference everyone needs by an unsurpassed authority on the latest identity theft schemes. Consider these sobering facts: • Six out of ten American companies and government agencies have already been hacked. • An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address. • Americans write 39 billion checks a year, and half of them never reconcile their bank statements. • A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79. Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass: • Don't allow your kids to use the computer on which you do online banking and store financial records (children are apt to download games and attachments that host damaging viruses or attract spyware). • Beware of offers that appeal to greed or fear in exchange for personal data. • Monitor your credit report regularly and know if anyone's been "knocking on your door." • Read privacy statements carefully and choose to opt out of sharing information whenever possible. Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, Stealing Your Life is the practical way to shield yourself from one of today's most nefarious and common crimes.

Are you at risk of being scammed? Former con artist and bestselling author of Catch Me If You Can Frank Abagnale shows you how to stop scammers in their tracks. Maybe you're wondering how to make the scam phone calls stop. Perhaps someone has stolen your credit card number. Or you've been a victim of identity theft. Even if you haven't yet been the target of a crime, con artists are always out there, waiting for the right moment to steal your information, your money, and your life. As one of the world's most respected authorities on the subjects of fraud, forgery, and cyber security, Frank Abagnale knows

how scammers work. In *Scam Me If You Can*, he reveals the latest tricks that today's scammers, hackers, and con artists use to steal your money and personal information--often online and over the phone. Using plain language and vivid examples, Abagnale reveals hundreds of tips, including:

- The best way to protect your phone from being hacked
- The only time you should ever use a debit card
- The one type of photo you should never post on social media
- The only conditions under which you should use WiFi networks at the airport
- The safest way to use an ATM

With his simple but counterintuitive rules, Abagnale also makes use of his insider intel to paint a picture of cybercrimes that haven't become widespread yet.

Tells you exactly how to turn today's cultural change to your advantage and start living a more flexible schedule without giving up an income

A practical guide to avoiding the most common scams, from a fraud-fighting expert U.S. consumers lose billions of dollars each year to scam artists--and the next victim could be you. While anyone can be targeted, many victims are older. In *AARP's Outsmarting the Scam Artists*, renowned fraud-fighter Doug Shadel offers practical advice for consumers who want to protect their money as well as the financial assets of their parents and families. Despite the rise of scams, many people are embarrassed to admit they've been victimized. The author helps break the cycle of shame by including accounts from the people who've been scammed as well as tips from a surprising source: convicted con artists who reveal how they've defrauded people like you. Get practical tips to combat all kinds of scams, from simple lottery tickets to non-existent oil and gas deals and religious ponzi schemes. Learn how to protect yourself by securing your mailbox and fraud-proofing your trash. Get inside the head of sophisticated scam artists to discover how you can become the type of individual they avoid. Scammers are everywhere. But with *Outsmarting the Scam Artists* in hand, you can protect yourself and your money.

Follows the author's experiences as an embedded journalist with the 101st Airborne during the Iraq invasion of March 2003.

Praise for *Fraud Casebook Lessons from the Bad Side of Business*

"I have known Mr. Wells for over twenty years. In my opinion, no one in the world knows more about fraud than he does." -W. Steve Albrecht, Associate Dean, Marriott School of Management Brigham Young University, Provo, Utah

"This book covers the entire range of fraud that can be encountered in the workplace." -Grant D. Ashley, Vice President for Corporate Security and Surveillance Harrah's Entertainment Inc., Las Vegas, Nevada

"I had the pleasure of serving with Mr. Wells when both of us were volunteers for the American Institute of Certified Public Accountants. He knows as much as anyone about how to detect and deter fraud." -James G. Castellano, Chairman, RubinBrown LLP, St. Louis, Missouri

"I have worked with Mr. Wells for ten years. His reputation is unsurpassed." -John F. Morrow, Vice President, The New Finance American Institute of Certified Public Accountants, New York, New York

"*Fraud Casebook* is a terrific work. I highly recommend it." -Sherron S. Watkins, a Time magazine "Person of the Year," Houston, Texas

"No one has done more for fraud prevention and detection than Mr. Wells and the Association of Certified Fraud Examiners. Their guidance and training proved invaluable to my staff and me in uncovering the WorldCom fraud." -Cynthia Cooper, a Time magazine "Person of the Year," Clinton, Mississippi

Most credit books promise quick fixes and easy solutions to bad credit, but the truth is there is no quick fix when it comes to credit. Your best strategy as a smart consumer is to understand your credit inside and out. Credit expert John Ulzheimer can give you all the tools you need to master the world of credit, before or after you get into trouble, and take the power back into your own hands. Topics covered include:

- The difference between a credit score and a credit report
- The best way to deal with collection agencies
- How to monitor your credit report
- Protecting yourself from identity theft
- The impact of student loans on your credit score
- How to opt out of unwanted credit card offers

The *Smart Consumer's Guide to Good Credit* answers all of your questions about credit (including the ones you didn't even know you should be asking!) and yes, even explains the best ways to work toward improving a bad credit score.
