Weygandt's Accounting Principles continues to provide students with a trusted and clear introduction to fundamental accounting concepts, which has made this best-selling text so popular. Helping students get the most out of their accounting course by making practice simple, the new edition continues to present the accounting cycle from a sole proprietor perspective, whilst providing the latest IFRS integration throughout (separate references to GAAP are made at the end of each chapter for courses where needed). To maximise student achievement a plethora of additional teaching and learning resources will be available including self-tests, exercises, templates, videos and more. Using metric units and companies with a more global feel, this new text is ideal for courses across the world.

NOTE: You are purchasing a standalone product; MyAccountingLab does not come packaged with this content. If you would like to purchase both the physical text and MyAccountingLab search for ISBN-10: 0134047478 /ISBN-13: 9780134047478 . That package includes ISBN-10: 013385129X /ISBN-13: 9780133851298 and ISBN-10: 0133877248 /ISBN-13: 9780133877243. For courses in Financial and Managerial Accounting. Expanding on Proven Success with Horngren's Financial and Managerial Accounting Horngren's Financial and Managerial Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. The Eleventh Edition expands on the proven success of the significant revision to the Horngren franchise and uses what the authors have learned from focus groups, market feedback, and colleagues to create livelier classrooms, provide meaningful learning tools, and give professors resources to help students inside and outside the class. First, the authors ensured that content was clear, consistent, and

above all, accurate. Every chapter is reviewed to ensure that students understand what they are reading and that there is consistency from chapter to chapter. The author team worked every single accounting problem and employed a team of accounting professors from across the nation to review for accuracy. This edition continues the focus on student success and provides resources for professors to create an active and engaging classroom. Through MyAccountingLab, students have the opportunity to watch author recorded solution videos, practice the accounting cycle using an interactive tutorial, and watch in-depth author-driven animated lectures that cover every learning objective. In addition, all instructor resources have been updated to accompany this edition of the book, including the PowerPoint presentations and Test Bank. Also available with MyAccountingLab<sup>®</sup> MyAccountingLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

Accounting Principles provides students with a clear introduction to fundamental accounting concepts with an emphasis on learning the accounting cycle from a sole proprietor perspective. This product helps students get the most out of their accounting course by making practice simple. Streamlined learning objectives help students use their study time efficiently by creating clear connections between the reading and the homework.

Accounting: Text & Cases, by Anthony, Hawkins, and Merchant covers both financial and managerial accounting as well as broader managerial issues. Chapters 1 -14 cover financial accounting, while Chapters 15-21 cover management accounting, and Chapters 22-28 focus on broader issues of control and corporate strategy. The approximately 120 cases that make up most of the end of chapter material are a combination of classic Harvard style cases and extended problems, with 10 completely new cases added to the 13th edition. Accounting: Text and Cases is a product of lifelong dedication to the discipline of accounting, and users of the book benefit from a breadth of experience that is sure to enrich your course and your students.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

This author-written guide provides students quiz and test
