Communication Networks By Leon Garcia  
Over 10 years ago, Dr. Leon-Garcia wrote  
the epitimal tome on computer networks,  
and it is still mandatory reading at the  
graduate level. The material within is starting  
to show its age. Most of it's very historical,  
what the modern comm systems are based  
on. If he ever writes a next edition, I hope he  
adds something about modern wifi.
