There has never been a greater need for an Australian green consumer guide to help people make informed choices about the products they buy. Tanya Ha responds to the shift in public debate about climate change toward actively seeking solutions with a practical guide that encourages consumers to become informed, get involved and to vote with their dollar. Packed with answers—practical tips and advice to help the reader make a real difference in their own lives—The Australian Green Consumer Guide is an essential, non-judgmental guide to making more ecologically sound consumer choices, whether you are shopping for food or fashion, cars or white goods.

A consumer guide that integrates shopping suggestions and handy user tips as it describes and rates dozens of digital electronic products, including cell phones, digital cameras, televisions, computers, video games, and home theater products.
