El psicólogo argentino, Jorge Bucay, presenta Déjame que te cuenta, un libro que ha vendido más de 2 millones de copias alrededor del mundo desde su publicación en el 2002. Usando su método de contar historias como herramienta para el crecimiento personal, el terapeuta Jorge Bucay comparte una serie de cuentos que sirven como metáforas para situaciones de la vida diaria. Demián es un joven ansioso por aprender cómo enfrentar los obstáculos del día a día, al igual que curioso de conocer mejor al mundo y a si mismo. Él le pide ayuda a Jorge, un psicoanalista, quien aborda el dilema de Demián de manera inusual: cada día, el analista le cuenta una historia a Demián--previamente revisada y reformada--que ayuda a su amigo a vencer sus dudas y encontrar la felicidad. Algunas son fábulas clásicas, otras son historias contemporáneas. Todas son historias que nos ayudan a entender nuestros miedos, nuestras relaciones y a nosotros mismos.

Over 2 million copies sold worldwide Let Me Tell You a Story is a tender and delicate book about the search for happiness. Demián is highly strung young man, curious about the world and himself, but he has difficulty facing some of life's everyday problems, those concerning work, his love life, and relationships with friends and family. He is eager to know more about himself and to learn how to confront life with gusto and serenity. In short, he wants what all of us want: to be happy and fulfilled. Demián finds Jorge, an unconventional psychoanalyst who approaches Demián's dilemma in an unconventional way. Every day, Jorge tells Demián a story. At times they are classic fables, others modern stories, or folk tales, stories that have been revisited and reshaped by the analyst to help his young friend overcome his doubts and find happiness. They are, in short, stories that can help every one of us better understand ourselves, our relationships, and our fears.

An innovative self-help program draws on a multitude of sources--including folktales, the Bible, Eastern philosophy, and the Torah--to explain how to overcome unhealthy behavior patterns by emphasizing the concept of "self-dependence" to promote self-awareness, personal happiness, independence, and successful relationships with others. Reprint. 20,000 first printing.

Los textos que componen este libro pretenden situarse al margen de la arrogancia y la impersonalidad de la pedagogía tecno-científica dominante, fuera del control que los saberes disciplinarios ejercen sobre lo que puede y lo que no puede decirse en un campo del saber, y frente a la policía de la verdad constituida por las reglas del discurso pedagógico instituido.

A mighty ruler discovers someone in his kingdom has more power than himself. But when the king sets out to destroy this fearsome enemy, a humble magician, the tables are turned, and an unexpected journey begins. In this beautifully illustrated story with a timeless message, a feared and cruel king learns of a wise magician in his kingdom who is rumored to be even more powerful than himself. The magician can predict the future, and even worse, he is more popular than the fearsome king. Jealous and insecure, the enraged king plots to destroy this "enemy." But, being a magician, he has a trick up his sleeve that saves his own life and the king's. With help from an unexpected friend, the king transforms from a feared and brutal monarch to a beloved leader. Enduring messages about the power of wisdom and compassion are conveyed in a classic storytelling style and outstanding, original artwork.
