First Aid - Safety Training PDF Files

paramedics are the best trained for medical emergencies, all are trained to administer first aid, and can be of assistance. When activating the EMS stay calm and answer the questions that the dispatcher will ask. They need to know things such as where you are, what happened, how many people are hurt, and who is doing first aid.

in any situation you may face. With its small trim and portable size, The Complete First Aid Pocket Guide is the perfect addition to a home first aid kit, car first aid kit, disaster-survival bag, as well as a pocket companion for EMTs and other first responders in the field.

U.S. Army First Aid Manual offers skills and knowledge necessary for many life-threatening situations, with an emphasis on treating oneself and aiding others—of use to soldiers in the field, to outdoorsmen, or to anyone who may find themselves in a dangerous situation without a medical professional on-hand. This is the official manual for treating every type of injury and affliction in the field. Covering a broad range of topics in precise, easy-to-understand language, it emphasizes prompt and effective action in sustaining life and preventing or minimizing further suffering and damage. U.S. Army First Aid Manual is fascinating reading for anyone with an interest in military practice and an essential handbook for anyone who is regularly away from immediate medical care.

"If there is only one 'how to' book to read for the aspirant and expert alike, it is Freedom of the Hills. In fact, it is fair to say that Freedom is the definitive guide to mountains and climbing and has influenced pretty much every climber." -- Conrad Anker * 50th anniversary edition of the title considered "bible" of climbing * With nearly 1 million copies sold, this is the all-time bestselling mountaineering and climbing title * Printed on 100% recycled paper Since the publication of the first edition in 1960, Freedom, as the book is known, has endured as a classic mountaineering text. From choosing equipment to tying a climbing knot, and from basic rappelling techniques to planning an expedition -- it's all here in
