Deals partly with the establishment of the Tuskegee Normal and Industrial Institute.

From Slavery to Freedom: A History of African Americans ...

This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had -- and continue to have -- on American politics. Through the use of two interrelated themes -- the idea of universal freedom and the concept of minority-majority coalitions -- the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans. New to the Eighth Edition A new co-author, Sherrn L. Wallace, is renowned for her teaching, scholarship, and participation in APSA's American government textbook assessment for coverage of race, ethnicity, and gender. She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality. Offers a new Media Integration Guide for the first time. Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular. Updated through the 2016 elections, connecting the Obama years with the new administration. Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book. Adds a new section on State Politics and Elections. Includes new sections on intersectionality dealing with issues of race, gender and sexuality; LGBT issues as another manifestation of the struggle for universal freedom; a discussion of the "Black Lives Matter" movement; and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean. Discusses the way in which race contributed to the polarization of American politics, the connections to the Tea Party, and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling. Previews the impact of the Trump Administration on matters of race and ethnicity.

A stirring, dramatic story of a slave who mails himself to freedom by a Jane Addams Peace Award-winning author and a Coretta Scott King Award-winning artist.Henry Brown doesn't know how old he is. Nobody keeps records of slaves' birthdays. All the time he dreams about freedom, but that dream seems farther away than ever when he is torn from his family and put to work in a warehouse. Henry grows up and marries, but he is again devastated when his family is sold at the slave market. Then one day, as he lifts a crate at the warehouse, he knows exactly what he must do: He will mail himself to the North. After an arduous journey in the crate, Henry finally has a birthday -- his first day of freedom.

I PRESUME it is right that prefaces should be written, though it is hard to say why, as they are very seldom read. Their chance of being perused is still more diminished when they are written in connection with any stirring narrative which is sure to interest the mind and touch the heart. Just in proportion to the interest of the book itself, is the preface liable to be overlooked. Such an appendage to a volume like this, therefore, is indeed a superfluity: for who would care to postpone the melancholy excitement of listening to this piercing cry from the land of the slave, for the sake of a tantalising, and, possibly, irrelevant introduction? The only object to be served by these preliminary lines, will be to use them as a means of making the author of this thrilling narrative better known personally to his readers this side the ocean. For, though the book itself is professedly an autobiography, there are some few circumstances which a man cannot relate so easily of himself as a friend can relate for him. Of Mr. Troy's mental qualities, and his graphic powers, I need say nothing, as both speak out in the narrative he has written. But of his sterling attributes of heart, those only who know him intimately can form a true idea. A real man and a finished gentleman, the author of this little book stands forth as another living contradiction of the doctrine which disparages the African as gifted with inferior intellect and possessed of baser feelings than the European; and he shows that colour is no barrier to the attainment of high culture and scholarship, and no hindrance to the possession of a delicately attuned emotion. If I were to say more, I might be betrayed into the exaggerations, which the partiality of a strong admirer and an attached friend can hardly suppress, and I must, therefore, leave Mr. Troy's book to speak for him as well as for itself. It needs but a small spark to kindle the magazine of British indignation against the American slave system, and many such sparks will be found in this book. We are told that some men have hearts of stone--there is hope of fire being struck even from them when the iron of the captive's fetters rings against them. But it is not merely the passing sigh of a regretful sympathy that this little volume seeks to evoke. It would fain give to that sigh an articulate sound, and direct it in earnest prayer before the throne of Him "who hath made of one blood all nations of men to inhabit the earth"--on behalf of the slave.

"Conjure Women is a sweeping story that brings the world of the South before and after the Civil War vividly to life. Spanning eras and generations, it tells of the lives of three unforgettable women: Miss May Belle, a wise healing woman; her precocious and observant daughter Rue, who is reluctant to follow in her mother's footsteps as a midwife; and their master's daughter Varina. The secrets and bonds among these women and their community come to a head at the beginning of a war and at the birth of an accursed child, who sets the townspeople alight with fear and a spreading superstition that threatens their newly won, tenuous freedom."--Publisher's description.

African American history is the part of American history that looks at the past of African Americans or Black Americans. Of the 10.7 million Africans who were brought to the Americas until the 1860s, 450 thousand were shipped to what is now the United States. Most African Americans are descended from Africans who were brought directly from Africa to America and became slaves. The future slaves were originally captured in African wars or raids and transported in the Atlantic slave trade. Our collection includes the following works: Narrative Of The Life by Frederick Douglass. The impassioned abolitionist and eloquent orator provides graphic descriptions of his childhood and horrifying experiences as a slave as well as a harrowing record of his dramatic escape to the North and eventual freedom. Incidents In The Life Of A Slave Girl by Harriet Jacobs. Powerful by portrayal of the brutality of slave life through the inspiring tale of one woman's dauntless spint and faith. Up From Slavery by Booker T. Washington. Washington rose to become the most influential spokesman for African Americans of his day. He describes events in a remarkable life that began in slavery and culminated in worldwide recognition. The Souls of Black Folk by W. E. B. Du Bois. W. E. B. Du Bois was an American sociologist, socialist, historian, civil rights activist, Pan-Africanist, author, writer and editor. Contents: 1. Frederick Douglass. Narrative Of The Life 2. Harriet Ann Jacobs. Incidents in the Life of a Slave Girl 3. Booker Taliaferro Washington. Up From Slavery 4. W. E. B. Du Bois. The Souls of Black Folk.

What to the Slave Is the Fourth of July? (1852) is a novella by Frederick Douglass. Having escaped from slavery in the South at a young age, Frederick Douglass became a prominent orator and autobiographer who spearheaded the American abolitionist movement in the mid-nineteenth century. In this famous speech, published widely in pamphlet form after it was given to a meeting of the Rochester Ladies' Anti-Slavery Society on July 5th, 1852, Douglass exposes the hypocrisy of America's claim to Christian and democratic ideals in spite of its legacy of enslavement. Personal and political, Douglass' speech helped inspire the burgeoning abolitionist movement, which fought tirelessly for emancipation in the decades leading up to the American Civil War. "What have I, or those I represent, to do with your national independence? Are the great principles of political freedom and of natural justice, embodied in that Declaration of Independence, extended to us?..What, to the American slave, is your 4th of July? I answer; a day that reveals to him, more than all other days in the year, the gross injustice and cruelty to which he is the constant victim." Drawing upon his own experiences as an escaped slave, Douglass offers a critique of American independence from the perspective of those who had never been free within its borders. Hopeful and courageous, Douglass' voice remains an essential part of our history, reminding us time and again who we are, who we have been, and what we can be as a nation. While much of his radical message has been smoothed over through the passage of time, its revolutionary truth continues to resonate today. With a beautifully designed cover and professionally typeset manuscript, this edition of Frederick Douglass' What to the Slave Is the Fourth of July? is a classic of African American literature reimagined for modern readers.

An eminent African-American scholar recalls a century of memories as an advocate for civil rights, from urging the Roosevelt administration to respond to the Cordie Creek lynching through his involvement in the Civil Rights movement.
