ADVANCE PRAISE FOR GODLESS "Valuable in the human story are the reflections of intelligent and ethical people who listen to the voice of reason and who allow it to vanquish bigotry and superstition. This book is a classic example." -CHRISTOPHER HITCHENS author of God is Not Great "The most eloquent witness of internal delusion that I know—a triumphantly smiling refugee from the zany, surreal world of American fundamentalist Protestantism—is Dan Barker." -RICHARD DAWKINS author of The God Delusion "Godless was a revelation to me. I don't think anyone can match the (devastating!) clarity, intensity, and honesty which Dan Barker brings to the journey—faith to reason, childhood to growing up, fantasy to reality, intoxication to sobriety." -OLIVER SACKS authors of Musicophilia In Godless, Barker recounts his journey from evangelical preacher to atheist activist, and along the way explains precisely why it is not only okay to be an atheist, it is something in which to be proud." -MICHAEL SHERMER publisher of Skeptic Magazine "Godless is a fascinating memoir and a handbook for debunking theism. But most of all, it is a moving testimonial to one man's emotional and intellectual rigor in acclaiming critical thinking." -ROBERT SAPOLSKY author of Why Zebras Don't Get Ulcers

After almost 20 years of evangelical preaching, missionizing, and Christian songwriting, Dan Barker "threw out the bathwater and discovered that there is no baby." In Godless, Barker describes the intellectual and psychological path he followed in moving from fundamentalism to freethought. Godless includes sections on biblical morality, the historicity of Jesus, biblical contradictions, the unbelievable resurrection, and much more. It is an arsenal for skeptics and a direct challenge to believers. Along the way, Barker relates the positive benefit readers will experience from learning to trust in reason and human kindness instead of living in fear of false judgment and moral condemnation.

Atheism's leading lights have long been intellectuals raised in the secular and academic worlds: Richard Dawkins, Sam Harris, and the late Christopher Hitchens. By contrast, Jerry DeWitt was born and bred into the church and was in fact a Pentecostal preacher before arriving at atheism through an extraordinary dialogue with faith that spanned more than a quarter of a century. Hope After Faith is his account of that journey. DeWitt was a pastor in the town of DeRidder, Louisiana, and was a fixture of the community. In private, however, he'd begun to question his faith. Late one night in May 2011, a member of his flock called seeking prayer for her brother who had been in a serious accident. As DeWitt searched for the right words to console her, speech failed him, and he found that the faith which once had formed the cornerstone of his life had finally crumbled to dust. When it became public knowledge that DeWitt was now an atheist, he found himself shunned by much of DeRidder's highly religious community, losing nearly everything he'd known. DeWitt's struggle for identity and meaning mirrors the one currently facing millions of people around the world. With both agnosticism and atheism entering the mainstream—one in five Americans now claim no religious affiliation, according to a recent study—the moment has arrived for a new atheist voice, one that is respectful of faith and religious traditions yet warmly embraces a life free of religion, finding not skepticism and cold doubt but rather profound meaning and hope. Hope After Faith is the story of one man's evolution toward a committed and considered atheism, one driven by humanism, a profound moral dimension, and a happiness and self-confidence obtained through living free of fear.

Offers a positive guide to leading a happy, fulfilling and morally focused life through the principles of free thought, rather than following any religious tenets, in a easy-to-follow plan that stresses altruistic living. Original.

For about two decades John W. Loftus was a devout evangelical Christian, an ordained minister of the Church of Christ, and an ardent apologist for Christianity. With three degrees--in philosophy, theology, and philosophy of religion--he was adept at using rational argumentation to defend the faith. But over the years, doubts about the credibility of key Christian tenets began to creep into his thinking. By the late 1990s he experienced a full-blown crisis of faith. In this honest appraisal of his journey from believer to atheist, the author carefully explains the experiences and the reasoning process that led him to reject religious belief. The original edition of this book was published in 2006 and reissued in 2008. Since that time, Loftus has received a good deal of critical feedback from Christians and skeptics alike. In this revised and expanded edition, the author addresses criticisms of the original, adds new argumentation and references, and refines his presentation. For every issue he succinctly summarizes the various points of view and provides references for further reading. In conclusion, he describes the implications of life without belief in God, some liberating, some sobering. This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion.

Do we have free will? And if we don't, why do we feel as if we do? Popular author Dan Barker examines the way we make choices in this world through his original concept of "harmonic free will" a philosophy that acknowledges both the impersonal laws of cause and effect that govern our world, as well as our own independent volition--without ever seeing these two perspectives as contradictory.

What words come to mind when we think of God? Merciful? Just? Compassionate? Delving deep into the Bible, former evangelical preacher Dan Barker uncovers God's negative qualities: jealous, petty, unforgiving, bloodthirsty, vindictive--and worse! Witty and well researched, this unique atheist book explains exactly why the Scripture shouldn't govern our everyday lives. It makes a powerful argument for the separation of church and state.

Dan Barker, ex-preacher and co-founder of the Freedom From Religion Foundation, travels widely, arguing in debates and speaking on his beliefs that Christianity is false, God does not exist, and the Bible is filled with errors and mythology. He has been touted as one of America's leading atheists. Yet close examination of his arguments shows that Barker's reasons for disbelief are poorly reasoned and miss the mark as they are aimed at a mistaken caricature of Christian theism. Answering the Music Man exposes Barker's misunderstandings of Christianity and provides compelling answers to Barker's arguments.
