Google has unveiled its latest Pixel 5 phone with several new and modified features. Announced at a launch event on Sept. 30, the Pixel 5 is one of the first two Pixel phones to come with 5G (the other being the Pixel 4a 5G). If you're one of the many that pulled the trigger on a shiny Google Pixel 5 5G, you made an excellent decision. The device was Google's first official entrance into making smartphone hardware - and boy is it an awesome first attempt. Even though it's now a few years old, the device still holds its own against many newer devices. You're probably getting used to your new phone, but it takes time to truly become a master of the Pixel 5G. It would be practically impossible to know about every single feature the device has to offer. That's why we've put together this Google Pixel tips and tricks guide to try out. Get this guide now to know how to use the features that are in the new Google Pixel 5 5G.

Get Things Done FAST & EASY For ALL Your Online Classes While Saving Time & Effort With This Complete Guide To Google Classroom! Online classes have become more in demand during the past few months, as students and teachers alike look for avenues to carry on with their education, as well as achieve some semblance of normalcy during these troubling times. While apps like Zoom and Skype provide people with platforms to continue with face-to-face communication, they aren't fine-tuned to deal with classroom settings and needs. This is where Google Classroom comes in handy -- it saves you time, keeps you organized and on top of your deadlines, and helps you communicate with your students FAST and EASY. Google Classroom is a free online service, developed by Google for schools, so that teachers can easily create, distribute, and grade assignments in a paperless way. Google Classroom aims to simplify the process of sharing files between teachers and their students. So, how can you get started? Matt Phoenix has just the thing for you! In his complete guide to Google Classroom, you will be equipped with reliable resources, tips, and tricks, so you can start using and maximizing Google Classroom's features, and carry on with your classes with ease! Over the course of this comprehensive guide, you will learn how to: Conveniently create multiple classrooms using just one account, minus the hassle and headache Effortlessly get into intellectual discussions FAST by quickly posting class-relevant questions Efficiently keep members informed by creating announcements and updates, even with videos, Google Drive, web links, files, and class materials Easily create, submit, check, and grade assignments (and even provide constructive feedback) in no time Painlessly repost important assignments, questions, and announcements used in earlier classroom discussions And so much more! It's easy to look up how you can use Google Classroom on the Internet, but those resources don't exactly provide you with EXCLUSIVE tips on how to make the most out of this handy online tool! This book contains all the ways in which you can take FULL ADVANTAGE of Google Classroom... straight from the experts' mouths! With the practical, field-tested tips and tricks in this comprehensive book, you can become a Google Classroom MASTER in no time! Scroll up, Click on "Buy Now with 1-Click", and Become a Google Classroom Master Today!

Google pixel is the Google's first phone ever. Powered by Quad Core processor, Google Pixel is equipped with 4 GB RAM, a number of sensors and long-lasting battery time. Google claims it to be the best phone ever with built-in Google Assistant and support for Google's Daydream VR platform. Google's claim of having the best camera ever in Google pixel isn't unfounded. With little difference in specs for Pixel and Pixel XL, you can't go wrong either way.
