How to Clean an Electric Mattress Pad

A couple or a family will love having a one-, two- or three-bedroom suite, complete with a full kitchen, dining table, living area, two gas fireplaces and a full-sized washer and dryer ...

Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals July - December)

A long-estranged family discovers that blood is thicker than water in this hilarious and moving domestic comedy. It's been a couple of decades since Nick cast off his impossible, contentious, embarrassingly working-class parents: gruff, stingy, explosive Ken and June, who seemed to revert to a primal state of nature after a divorce that both of them managed to blame on Nick. Enjoying the life of the country gentleman that he's made for himself with impeccably turned-out Astrid and her teenage daughter, Laura, Nick has kept only the slenderest family connection to his brother, Dave, who's stuck with the role of ambassador in a family that's long settled into cold war. But then Ken decides that the year of his death has arrived, and thus kicks off an ill-conceived quest to reunite his family before he meets his fate. Bringing to this tinderbox just the spark it needs, Louise Dean sends up the whole clan, each of them fatally flawed yet saved by hidden grace, and illuminates with her incomparable acuity their clashes of generation, gender, class, and temperament, in a riotous and compassionate conflagration.

Travel lovers, buckle up and get ready to explore in KeeKee's Big Adventures in London, the 5th picture book in the award-winning KeeKee's Big Adventures series. Join KeeKee, the globe-trotting calico kitty, on her latest

brilliant adventures in London. Along with her friend Willamb Sheepspeare, she'll whisk readers through the majesty of England's capital city--from Big Ben to Buckingham Palace to a proper English tea. (Pass the scones, please!) Explorers big and small will have a jolly good time trying out fun British expressions, peeking into royal culture, and navigating London's beautiful streets on a double-decker bus. In the back of this brightly illustrated book, you'll find a kid-friendly guide map of London, a glossary of British terms, and more details on KeeKee's favorite places. It's the perfect getaway for kids and families who love travel, adventure and exploring the world around them. London was named to Kirkus Reviews' 2019 Top Indie Picture Books List. It has also received a 5-star Foreword Clarion Review, 5-star Readers' Favorite and Gold Mom's Choice Award.

Harold McGee's *On Food and Cooking* is a kitchen classic. Hailed by *Time* magazine as "a minor masterpiece" when it first appeared in 1984, *On Food and Cooking* is the bible to which food lovers and professional chefs worldwide turn for an understanding of where our foods come from, what exactly they're made of, and how cooking transforms them into something new and delicious. Now, for its twentieth anniversary, Harold McGee has prepared a new, fully revised and updated edition of *On Food and Cooking*. He has rewritten the text almost completely, expanded it by two-thirds, and commissioned more than 100 new illustrations. As compulsively readable and engaging as ever, the new *On Food and Cooking* provides countless eye-opening insights into food, its preparation, and its enjoyment. *On Food and Cooking* pioneered the translation of technical food science into cook-friendly kitchen science and helped give birth to the inventive culinary movement known as "molecular gastronomy." Though other books have now been written about kitchen science, *On Food and Cooking* remains unmatched in the accuracy, clarity, and thoroughness of its explanations, and the intriguing way in which it blends science with the historical evolution of foods and cooking techniques. Among the major themes addressed throughout this new edition are: Traditional and modern methods of food production and their influences on food quality The great diversity of methods by which people in different places and times have prepared the same ingredients Tips for selecting the best ingredients and preparing them successfully The particular substances that give foods their flavors and that give us pleasure Our evolving knowledge of the health benefits and risks of foods *On Food and Cooking* is an invaluable and monumental compendium of basic information about ingredients, cooking methods, and the pleasures of eating. It will delight and fascinate anyone who has ever cooked, savored, or wondered about food.
