Memoirs of an Infantry Officer, first published in 1930, is Siegfried Sassoon's fictionalized autobiography of the period between the early spring of 1916 and the summer of 1917. The narrative moves from the trenches to the Fourth Army School, to Morlancourt and a raid, then to and through the Somme. The mind of the narrator turns from unquestioning acceptance of the war and of the standards which it set up, to doubting the necessity of the seemingly endless slaughter.

Memoirs of an Infantry Officer by Siegfried Sassoon ...

First Published in 1930, this first-hand account of the face of battle is as beautifully written as it is historically important. An account of his experiences in the trenches during WW1, between the spring of 1916 and the summer of 1917, creates a picture of a physically brave but self-effacing and highly insecure individual.

The second volume in Siegfried Sassoon's beloved trilogy, *The Complete Memoirs of George Sherston*, with a new introduction by celebrated historian Paul Fussell. A highly decorated English soldier and an acclaimed poet and novelist, Siegfried Sassoon won fame for his trilogy of fictionalized autobiographies that wonderfully capture the vanishing idylls of Edwardian England and the brutal realities of war. The second volume of Siegfried Sassoon's semiautobiographical *George Sherston* trilogy picks up shortly after *Memoirs of a Fox-hunting Man*: in 1916, with the young Sherston deep in the trenches of WWI. For his decorated bravery, and also

his harmful recklessness, he is soon sent to the Fourth Army School for officer training, then dispatched to Morlancourt, a raid, and on through the Somme. After being wounded by a bullet through the lung, he returns home to convalesce, where his questioning of the war and the British Military establishment leads him to write a public anti-war letter (verbatim the letter Sassoon wrote in 1917, entitled "Finished with the War: A Soldier's Declaration", which was eventually read in the British House of Commons). Through the help of close friend David Cromlech (based on Sassoon's friend Robert Graves) a medical board decides not to prosecute, but instead deem him to be mentally ill, suffering from shell-shock, and sends him to a hospital for treatment. Sassoon's stunning portrayal of a mind coming to terms with the brutal truths he has encountered in war—as well as his unsentimental, though often poetic, portrayal of class-defined life in England at wartime—is amongst the greatest books ever written about World War I, or war itself. This autobiographical novel of the eminent English poet, Siegfried Sassoon was first published in 1930. The *Memoirs of an Infantry Office*, widely considered a classic among war books, tells of the author's steady disillusionment with the Army—and of his ultimate rebellion against the cruel realities of war. Sassoon's fluid, sensitive prose, the fine perceptions of the poet is spoken here in the voice of the average man. With charm and humor and quiet understatement, he has managed to articulate the hidden feelings of any sensitive man who in the normal course of his life is suddenly exposed to the nightmare of war. An unforgettable read.

treatment, George Sherston comes under the care of neurologist Dr. W. H. R. Rivers, who allows Sherston to sort through his attitudes toward the fighting (events that have also been semi-fictionalized by Pat Barker for her bestselling and critically acclaimed *Regeneration Trilogy*). After six months in the hospital, Sherston leaves to rejoin his regiment. He is soon dispatched to Ireland, where he attempts to reclaim some of the idyllic fox-hunting days of his youth, then to Palestine. He finally ends up at the Western Front in France, where he is shot in the head while on a reconnaissance mission and invalided back home. As the capstone of Sassoon's masterful Sherston trilogy, *Sherston's Progress*—whose evocation of Bunyan's *Pilgrim's Progress* is not at all accidental—literally brings home the unforgettable journey of George Sherston from aristocratic childhood through war hero and anti-war martyr, all the way to wounded veteran trying to move on from the Great War. Some books are catalysts. *Shake Hands with the Devil* was one. For 2017, that book is *Out Standing in the Field*. In her memoir, Sandra Perron describes her

experience of the Canadian Military - one of the most important institutions of our nation. What she has to say is exactly what the top brass has been paying lip-service to for years, and doing nothing to improve. In 2016, the Auditor General's Report noted that the military had no strategy to recruit women, even though they are required to meet a target that 25% of the uniformed personnel be women. According to Statistics Canada, 1,000 members of our military say they have been sexually assaulted in the past year. In her revealing and moving memoir, Sandra Perron, Canada's first female infantry officer and a member of the Royal 22e Régiment - the legendary "Van Doos" - describes her fight against a system of institutional sexism. Though repeatedly identified as top of her class throughout her training, she was subject to harassment by her male colleagues. Her military experience, however, wasn't all negative. Through two deployments to Bosnia and Croatia, Perron forged lasting friendships with men and women, serving her country with courage and compassion, and her determination helped pave the way for women's inclusion in the Armed Forces. *Out Standing in the Field* is the story of a soldier who refused to let her comrades or her country down, even while serving a military institution that failed her repeatedly. Beautifully written, Perron's memoir is a testament to her fortitude and patriotism, and serves as proof that the spirit of a true hero cannot be bent or broken.

Lion Rampant is Robert Woollcombe's graphic account of his experiences as a front-line infantry officer with the King's Own Scottish Borderers during the desperate battle for Normandy and the Allied advance into Germany. Vividly evoking the confusion, horror and comradeship of war - from the killing fields of Normandy bocage, through house-to-house fighting in shattered Flemish towns, to the final Rhine crossing - Lion Rampant is a powerful, authentic and moving story, telling with extraordinary clarity how the author, his fellow officers and the men of his company lived through one of the most bitter campaigns in history.

This is the personal account of an army infantry platoon leader and commanding officer in the central highlands of Vietnam during 1967 and 1968 when he was 21 years old. These were the two bloodiest years of the war, a time when the U.S. army employed search and destroy missions with high casualty rates. The author provides a historical overview and casualty report of the Vietnam War, 15 information about his military and officer training, and his return to civilian life after Vietnam.
