Winner of the 2019 Textbook & Academic Authors Association 's The Most Promising New Textbook Award How can public relations play a more active role in the betterment of society? Introduction to Strategic Public Relations: Digital, Global,

Online Library Public Relations For Dummies 2nd

and Socially Responsible Communication prepares you for success in today ' s fast-changing PR environment. Recognizing that developments in technology, business, and culture require a fresh approach, Janis T. Page and Lawrence Parnell have written a practical introductory text that aligns these shifts with the body of knowledge from which the discipline of public relations was built. Because the practice of public relations is rooted in credibility, the authors believe that you must become ethical and socially responsible communicators more concerned with building trust and respect with diverse communities than with creating throwaway content. The authors balance this approach with a focus on communication theory, history, process, and practice and on understanding how these apply to strategic public relations planning, as well as on learning how to create a believable and persuasive message.

Online Library Public Relations For Dummies 2nd

Key Features Chapter-opening Scenarios capture your attention by discussing current PR challenges—such as the Wells Fargo cross-selling, VW emissions cover-up, and P&G’s “Like a Girl” campaign—and thus frame the chapter content and encourage active reading. At the end of the chapter, you explore various aspects of socially responsible communication to “solve” the PR challenge. Socially Responsible Case Studies in each chapter illustrate the key responsibilities of a modern public relations professional such as media relations, crisis communications, employee communications, applied communications research, and corporate and government-specific communications. Each case features problem-solving questions to encourage critical thinking. Social Responsibility in Action boxes feature short, specific social responsibility cases—such as Universals’ #NoFoodWasted, Nespresso in South

Online Library Public Relations For Dummies 2nd

Edition
Sudan, and Merck ' s collaboration with AIDS activists—to highlight best practices and effective tactics, showing the link between sound public relations strategy and meaningful social responsibility programs. Insight boxes spark classroom discussion on particularly important or unique topics in each chapter. Personality Profile boxes will inspire you with stories from PR veterans and rising stars such as the U.S. CEO of Burson-Marsteller, the Chief Communication Officer of the United Nations Foundation, and the Executive VP at HavasPR.

The second edition of Political Public Relations offers an interdisciplinary overview of the latest theory and research in the still emerging field of political public relations. The book continues its international orientation in order to fully contextualize the field amidst the various

Online Library Public Relations For Dummies 2nd

political and communication systems today. Existing chapters have been updated and new chapters added to reflect evolving trends such as the rise of digital and social media, increasing political polarization, and the growth of political populism. As a singular contribution to scholarship in public relations and political communication, this volume serves as an important catalyst for future theory and research. This volume is ideal for researchers and courses at the intersection of public relations, political communication, and political science.

This new and fully-updated second edition of this acclaimed textbook offers a guide to public relations, spanning all aspects of PR work, including fashion, event management, crisis communications, politics, celebrity PR and corporate communications, and takes account of the rapid change in the PR

Online Library Public Relations For Dummies 2nd

Industry. It combines essential practical guidance with a thought-provoking analysis of this exciting but enigmatic industry, its ethical dilemmas and the role it plays in the contemporary world-not least its controversial but crucial relationship with the media. PR Today offers a fresh, lively and realistic perspective on its subject, based on the authors' rare combination of international top-level experience, insider knowledge and years of teaching and writing about PR. It will be invaluable for students taking public relations at undergraduate and postgraduate levels and essential reading for those seeking to start a career in this dynamic, fast-growing profession. New to this Edition: - Content has been fully updated throughout to ensure up-to-date overview of the topics at hand - Interviews with leading figures in PR and beyond - A thoroughly revised and expanded chapter on digital PR

Online Library Public Relations For Dummies 2nd Edition

Good management practice is essential if a PR department is to be highly valued and cost effective. This updated edition aims to show business practitioners exactly how this can be achieved. The result is a hands-on guide offering accessible and practical advice for PR activity.

Making It in Public Relations is a comprehensive, realistic guide to everything one needs to know when pursuing a successful career in public relations. It is an introduction to public relations, written for students who want or need a definition of the profession to understand what they are moving into as a career. A thorough overview of the various roles and responsibilities involved in PR work, the different types of PR functions and activities, and its application in a variety of settings and scenarios are provided. In fulfilling the

Online Library Public Relations For Dummies 2nd

book's editorial role, author Leonard Mogel profiles the 10 largest public relations firms, life on the fast track at a small PR firm, how corporate communications is carried on at a large financial institution, and public relations for diverse organizations. It will be of interest to those studying public relations at the university level; recent mass communication, journalism, and public relations graduates; interns in public relations firms; and employees in other fields contemplating a move to this profession.

Designed to serve as a comprehensive, primary text for research methods courses in advertising and/or public relations programs, this book concentrates on the uses and applications of research in advertising and public relations situations. The authors' goal is to provide the information needed by future practitioners to commission and apply research to their

Online Library Public Relations For Dummies 2nd

work problems in advertising and public relations.

All PR, whether for charities or arms manufacturers, is weak propaganda. Though it has its undeniable benefits (it grabs attention and helps circulate more information), it also has costs (such as selective messaging). This extensively revised edition of a classic text fully investigates PR, updating and expanding earlier arguments and building upon the successful first edition with new thoughts, data and evidence. Thought-provoking and stimulating, *Rethinking Public Relations 2nd Edition* challenges conventional PR wisdom. It develops the accepted thinking on the most important question facing PR - its relationship with democracy - and finds a balance of advantages and disadvantages which leave a residue of concern. It tackles topical issues such as: PR as a form of

Online Library Public Relations For Dummies 2nd

propaganda which flourishes in a democracy the connections between PR and journalism the media, promotions culture and persuasion. Designed to appeal to final year undergraduates, postgraduates and researchers studying public relations, media and communications studies, this book explores the most important relationship PR has – the connection with democracy – and asks what benefits or costs it brings to politics, markets and the media.

A guide to successful business communication describes how to draft effective letters, emails, and proposals; adapt one's writing style to an audience; and self-edit and troubleshoot documents.

Along with such traditional management tools as budgeting, HR, planning, and leadership, *The Practice of Government Public Relations, Second Edition*

Online Library Public Relations For Dummies 2nd

Edition demonstrates that the 21st-century government administrator needs new tools to address the changing context of government communication. It provides public managers with an understanding of the uses of public relations as tools to advance the goals of public agencies, including media relations, an informed public, public branding, listening to the citizenry, and crisis management. While no manager can be an expert in all aspects of public administration, this book will help managers know what external communications tools are available to them for advancing the mission and results of their agencies. The authors argue that government public relations activities can serve three broad purposes: mandatory activities, which support governance; optional activities, which offer a pragmatic means of improving policy outcomes, inputs, and impacts; and dangerous but

Online Library Public Relations For Dummies 2nd

powerful activities, which may serve political interests. The book focuses on practitioners throughout the public sector, including the U.S. federal government, state and local governments, and public administrators outside of the U.S. Several new chapters address the use of digital communications as social media and the resultant rapid diffusion of information has transformed the responsibility, accessibility, and vulnerability of government communications. In addition, two new chapters examine the topic of branding, its growing influence in the public sector, and how it can be used to connect with citizens and increase public engagement. The Practice of Government Public Relations, Second Edition is designed to help government managers at various levels of administration looking to specialize in public relations, those assigned to communications offices, and program managers seeking innovative and cost-

Online Library Public Relations For Dummies 2nd

effective ways to implement their programmatic missions. It will also be of interest to students of publication administration who will become the government workers of the future.
