~~ITEC Anatomy and Physiology | ReflexologyUK~~

Reflexology is a holistic healing technique that works on precise reflex points on the feet that correspond with all body parts. Reflexology applies pressure to a range of particular points on your hands and feet that correspond with all the organs, glands, tissues and muscles in your body. This helps improve circulation of blood, oxygen and ‘ qi ’ around the body, relieving stress and healing pain in other parts of the body. You will learn how to:
