In addition to a standard first-year legal writing curriculum, most law schools now require upperlevel students to write a sophisticated legal research paper on a topic of their choice. Students often struggle through the scholarly writing process, from finding a topic to polishing a final paper, and many never fully develop and defend a thesis. *Scholarly Writing: Ideas, Examples, and Execution* offers a lifeline to students, guiding them through the process of constructing their legal research papers from start to finish. With over 10 years combined experience teaching scholarly writing to J.D. and LL.M. students, the authors identify common roadblocks for student writers, and offer advice and techniques for

how to successfully overcome these roadblocks. The book walks students through a five-step process for researching and writing scholarly papers and follows five published student papers from idea to final execution as a method of illustrating the principles advocated in the text. This example-based approach sets this book apart from others; the authors not only tell students how to approach their papers, but through annotated excerpts of example papers, they show students how to approach their papers. The book includes up-to-date information about legal research and organizational tools. It also includes “bright ideas” that supplement the text with ideas and examples for student writers. The

George Orwell set out ‘ to make political writing into an art ’ , and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell ’ s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell ’ s Essays series, Orwell takes aim at the language used in politics, which, he says, ‘ is designed to make lies sound truthful and murder
