The Empathic Reader A Study

The Empathetic Reader goes beyond what classical analysis has considered bedrock"the Oedipus complex"to confront the narcissistic anxieties latent in each text, and it shows how critics empathetically collude with authors in defending against those anxieties. this is an original provocative book that makes an important contribution to the study of literature and psychology. "Barbara Schapiro and Lynne Layton

Excerpt. This book is an application of American psychoanalytic theorist Heinz Kohut's "self psychology" and empathic listening techniques to a study of the narcissistic character and the reader/text transaction. It grows out of my fascination with literature and with the very human story that Kohut tells as he describes the dynamics of what is considered by many to be the dominant pathology of our time: the narcissistic disorder.

In 2006, Oatley and his colleagues published a study that drew a strong connection between reading fiction and better performance on widely used empathy and social acumen tests. They tested participants on their ability to recognize author names, which helped them gauge how much fiction they read.

How Reading Fiction Increases Empathy and Encourages ...

While many are familiar with clairvoyant or intuitive readings, empathic readings can bring the same benefits from a different angle. Empaths receive and translate blocks of insight through clairsentience, which means "clear feeling" or "clear sensing." Through using our ability to sense information energetically, emotionally, and physically, we can tap into another's energy and offer them insights about their path.

The Neuroscience of Empathy | Psychology Today

An empathic reading can be described as an exchange of energies between the reader and the person being read. During this process there is a strong connection between myself and the person I am talking to. Information appears in the form of pictures and impressions, or "gut" feelings, connected to the person being read.
