The Epistle to the Romans: Amazon.co.uk: Barth, Karl: Books

One of Karl Barth's great works. His approach is different from most, his thinking is fresh and outside of the box.

Epistle to the Romans: Amazon.co.uk: Barth, Karl, Hoskyns:—

The Epistle to the Romans (German: Der Römerbrief) is a commentary by the Swiss theologian Karl Barth on the New Testament Epistle to the Romans. Disillusioned with both German Protestant Liberalism and Religious Socialism after the outbreak of the World War I in 1914, Barth decided in the summer of 1916 to write a commentary on Paul's Epistle to the Romans as a way of rethinking his theological inheritance.

The Epistle to the Romans (Barth book) — Wikipedia

Karl Barth's Romans commentary was an important book that helped reverse the tide of liberal Protestantism in the 20th century. I read it partly out of historical curiosity and partly to get a handle on Barthian theology, which I learned was nearly as pivotal to modern (progressive) evangelical scholarship as Aquinas was to Catholic theology.

The Epistle to the Romans | Barth, Karl | download

The Epistle to the Romans or Letter to the Romans, often shortened to Romans, is the sixth book in the New Testament. Biblical scholars agree that it was composed by Paul the Apostle to explain that salvation is offered through the gospel of Jesus Christ. It is the longest of the Pauline epistles.

Epistle to the Romans — Wikipedia

The Epistle to the Romans. Karl Barth. Translated by E. C. Hoskyns. Description. Named one of Church Times's Best Christian Books. This volume provides a much-needed English translation of the sixth edition of what is considered the fundamental text for fully understanding Barthianism.

The Epistle to the Romans: Barth, Karl; Hoskyns, Sir Edwyn:—

After a brief introduction to the authorship, occasion, setting, and message of the epistle, Murray provides a verse-by-verse exposition of Romans that is deeply penetrating in its elucidation of the text. In ten appendices he gives special attention to select themes and scholarly debates—the meaning of justification, Isaiah 53:11 in relation to Romans, Karl Barth on Romans 5, the interpretation of the “weak brother” in Romans 14, and more.

A translation of Barth's classic commentary on the Pauline Epistle

Karl Barth's 1922 The Epistle to the Romans is one of the most famous, notorious, and influential works in twentieth-century theology and biblical studies. It is also a famously and notoriously difficult and enigmatic work, especially as its historical context becomes more and more foreign. In this book, Kenneth Oakes provides historical background to the writing of The Epistle to the Romans, an introduction and analysis of its main themes and terms, a running commentary on the text itself, and suggestions for further readings from Barth on some of the issues it raises. The volume not only offers orientation and assistance for those reading The Epistle to the Romans for the first time, it also deals with contemporary problems in current Barth scholarship regarding liberalism, dialectics, and analogy.

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

About the Contributor(s): Karl Barth (1886-1968), the Swiss Reformed professor and pastor, was once described by Pope Pius XII as the most important theologian since Thomas Aquinas. As principal author of 'The Barmen Declaration', he was the intellectual leader of the German Confessing Church - the Protestant group that resisted the Third Reich. Barth's teaching career spanned nearly five decades. Removed from his post at Bonn by the Nazis in late 1934, Barth moved to Basel where he taught until 1962. Among Barth's many books, sermons, and essays are 'The Epistle to the Romans', 'Humanity of God', 'Evangelical Theology', and 'Church Dogmatics'.

Careful scholarship and spiritual insight characterize this enduring commentary on Romans, generally considered to be Paul's most profound letter. In The Epistle to the Romans John Murray offers an exposition of Romans deeply penetrating in its elucidation of the text yet accessible to scholars, pastors, and students alike. In his introduction to the commentary proper, Murray discusses the authorship, occasion, purpose, and contents of Romans and provides important background information on the church at Rome. Murray then provides a verse-by-verse exposition of the text that takes into account key problems that have emerged in the older and newer literature. In ten appendices that close the volume Murray gives special attention to themes and scholarly debates that are essential for a full-orbed understanding of Romans -- the meaning of justification, the relation of Isaiah 53:11 to the message of Romans, Karl Barth on Romans 5, the interpretation of the "weak brother" in Romans 14, and more. This combined edition of Murray's original two-volume work, formerly published as part of the New International Commentary on the New Testament series, will hold continued value as a scholarly resource in the study of Romans for years to come.

Karl Barth's commentary on Paul's epistle to the Romans, in its two editions (1919 and 1922), is one of the most significant works published in Christian theology in the 20th century. This book, which landed "like a bombshell on the theologians' playground," still deserves close scrutiny one hundred years after its publication. In this volume, New Testament scholars, philosophers of religion and systematic theologians ponder the intricacies of Barth's "expressionistic" commentary, pointing out the ways in which Barth interprets Paul's epistle for his own day, how this actualized interpretation of the apostle's message challenged the theology of Barth's time, and how some of the insights he articulated in 1919 and in 1922 have shaped Christian theology up to our day. With his commentary, the young Swiss pastor paved the way for a renewed, intensely theological interpretation of the Scriptures. The volume thus centers of some of the key themes which run through Barth's commentary: faith as divine gift beyond any human experience or psychological data, the Easter event as the turning point of the world's history, God's judgment and mercy and God's one Word in Jesus Christ. This volume represents a major contribution to the interpretation of Karl Barth's early thought.

What does it mean to be saved? Did God choose who would be his followers, or was it a personal choice? These are just some of the questions Paul addresses in the sixteen challenging chapters of his letter to the Romans. Reading Romans shows how some of the greatest minds in the history of the church have wrestled with, and even been changed by, Paul's words. For example, God used a passage from Romans to speak to the untamed heart of Augustine, and John Wesley said that after hearing Martin Luther's comments on Romans, he felt his heart "strangely warmed." This book will show why, in many ways, Christian theology begins and ends with Romans.

Witherington gleans fresh insights from reading the text of Paul's epistle in light of early Jewish theology, the historical situation of Rome in the middle of first century A.D., and Paul's own rhetorical concerns.
