The Island - Kindle edition by Henry, Lisa. Literature ...

The Island is certainly not a light, easy read, but it is a brilliant one. Lisa Henry's fluid, evocative style effortlessly drew me into the story and kept my attention from beginning to end. Shaw had me constantly second guessing what kind of man he was and just as conflicted about the choices he made.

Amazon.com: Customer reviews: The Island

Lisa Henry has written an extraordinary novel, but for me it wasn't the easiest read, which I will address shortly. Firstly the pros: well drawn characters, story is told from both leads' point of view, and the plot is an intriguing thriller that keeps the pages turning.

The Irresistible Henry House by Lisa Grunwald ...

Stealing Innocents is an exploration of our darkest human impulses, where sex is power, love is horror, and there's no such thing as a happy ending. READER DISCRETION ADVISED. This collection contains three edited second editions stories that were previously individually published, plus one all new story, by Lisa Henry writing as Cari Waites.

Stealing Innocents ISBN 9781626493797 PDF epub | Lisa ...

Lisa Henry likes to tell stories, mostly with hot guys and happily ever afters. Lisa lives in tropical North Queensland, Australia. She doesn't know why, because she hates the heat, but she suspects she's too lazy to move. She spends half her time slaving away as a government minion, and the other half plotting her escape.

Aramin Decourcey-Min to his few friends-might be the best thief in Amberwich, and he might have a secret that helps him survive the cutthroat world of aristocratic families and their powerful magic users, but he does have one weakness: his affection for his adopted nephew, Harry. When the formidable Sabadine family curses Harry, Min must accept a suicide mission to save his life: retrieve Kazimir Stone, a low-level Sabadine hedgewitch who refuses to come home after completing his apprenticeship... and who is in Anhaga, a seaside village under the control of the terrifying Hidden Lord of the fae. If that wasn't enough, Kaz is far from the simple hedgewitch he seems. With the Sabadines on one side and the fae on the other, Min doesn't have time to deal with a crisis of conscience-or the growing attraction between him and Kaz. He needs to get Kaz back to Amberwich and get Harry's curse lifted before it kills him. Saving Harry means handing Kaz over to his ruthless family. Saving Kaz means letting Harry die. Min might pride himself on his cleverness, but he can't see his way out of this one. The Hidden Lord might see that he never gets the choice.

The struggle is real. Nick Stahlnecker is eighteen and not ready to grow up yet. He has a summer job, a case of existential panic, and a hopeless crush on the unattainable Jai Hazenbrook. Except how do you know that your coworker's unattainable unless you ask to blow him in the porta-potty? That's probably not what Dad meant when he said Nick should act more like an adult. Twenty-five-year-old Jai is back in his hometown of Franklin, Ohio, just long enough to earn the money to get the hell out again. His long-term goal of seeing more of the world is worth the short-term pain of living in his mother's basement, but only barely. Meeting Nick doesn't fit in with Jai's plans at all, but, as Jai soon learns, you don't have to travel halfway around the world to have the adventure of a lifetime. This is not a summer romance. This is a summer friendship-with-benefits. It's got pizza with disgusting toppings, Netflix and chill, and accidental exhibitionism. That's all. There are no feelings here. None. Shut up.

Brady Garrett needs to go home. He's a conscripted recruit on Defender Three, one of a network of stations designed to protect the Earth from alien attack. He's also angry, homesick, and afraid. If he doesn't get home he'll lose his family, but there's no way back except in a body bag. Cameron Rushton needs a heartbeat. Four years ago Cam was taken by the Faceless--the alien race that almost destroyed Earth. Now he's back, and when the doctors make a mess of getting him out of stasis, Brady becomes his temporary human pacemaker. Except they're sharing more than a heartbeat: they're sharing thoughts, memories, and some very vivid dreams. Not that Brady's got time to worry about his growing attraction to another guy, especially the one guy in the universe who can read his mind. It doesn't mean anything. It's just biochemistry and electrical impulses. It doesn't change the truth: Brady's alone in the universe. Now the Faceless are coming and there's nothing anyone can do. You can't stop your nightmares. Cam says everyone will live, but Cam's probably a traitor and a liar like the military thinks. But that's okay. Guys like Brady don't expect happy endings.

Twenty years after a deadly pandemic ravaged the world, Darragh Fearghal Anluan and the people of his village have carved out a hard but simple life in the Irish countryside. But with winter comes sickness, and Darragh must travel to Dublin in search of medicine. What he finds there is a ruined city ruled by a madman, where scavenging is punishable by death . . . or conscription. Ciaran Daly came to Ireland with aid and optimism, but instead was enslaved by the so-called King of Dublin. After months of abuse from the king and his men, he has no reason to believe this newcomer will be any different. Except Ciaran finds himself increasingly drawn to Darragh, whose brutish looks mask how sweet and gentle he really is. The tenderness Darragh feels for the king's treasured pet is treason, but it's hardly the only betrayal brewing in this rotten kingdom. Rebellions and rival gangs threaten the king's power, but not nearly as much as Darragh and Ciaran-whose only hope for freedom is the fall of the king.

From the bestselling author of Still Alice comes a heartfelt novel about friendship and a mother coping with the loss of her autistic son Olivia Donatelli's dream of a 'normal' life was shattered when her son, Anthony, was diagnosed with autism at age three. He didn't speak. He hated to be touched. He almost never made eye contact. And just as Olivia was starting to realise that happiness and autism could coexist, Anthony died. Now she's alone in a cottage on Nantucket, separated from her husband, desperate to understand the meaning of her son's short life, when a chance encounter with another woman facing her own loss brings Anthony alive again for Olivia in a most unexpected way. In a piercing story about motherhood, love and female friendship, Lisa Genova offers us two unforgettable women on the verge of change who discover the small but exuberant voice that helps them both find the answers they need. Fans of The Reason I Jump and The Curious Incident of the Dog in the Night-time will love Lisa Genova's story: always authentic and utterly moving. "Remember how you couldn't put down Still Alice? Well, clear your schedule-because you're going to feel the same way" Jodi Picoult"

Hashima, Japan's sea walls give it the appearance of a ship lost at sea. This look is the reason for the Battleship Island nickname. In this title, reluctant readers will also see Battleship Island as a time capsule. Pieces from the past will point to the deserted island's coal-mining boom time.

When the fearsome warlord Brasius chooses Kynon as his tribute, Kynon tells himself it's the price of peace, and that he can endure anything. If his slavery will save his father's kingdom, then he will be a slave and submit to every indignity the warlord and the senate of Segasa require of him. He can live with the shame; it's the mind-blowing pleasure that frightens him. But the warlord wants more than a tribute who will respond eagerly to whips and bondage. The warlord might just want the man underneath: the prince, the soldier and the tribute, if Kynon can figure out who that is. On an enforced journey of self-discovery, Kynon learns that being the warlord's tribute isn't just about submission. And, to be the tribute that Brasius wants him to be, Kynon will have to defy all the traditions of Segasa and risk the wrath of the senate that really holds his chains. Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: strong BDSM theme and elements, dubious consent, violence. Readers with a history of rape or sexual abuse may find elements of this story disturbing.

The magical world of Artim e is gone and the Unwanteds are looking to Alex Stowe for answers, but while his twin brother Aaron continues to build his army in Quill, a very dangerous common enemy is revealed.

Those who dare to scratch the surface of ordinary, everyday life may be horrified to find a sick underbelly beneath-a nightmare world populated by villains and victims, predators and prey, where the rules of society no longer apply. Where you'll find people like Danny, the boy who sells himself to pay for his father's gambling debts and ends up in a situation more twisted than he ever imagined. Or Troy, the cop whose obsession with saving a brutalized human trafficking victim turns deadly. Or Drew, the mental patient who begins to suspect his nightly delusions of abuse by his doctor are actually real. Or David, the cuckolded husband who decides the best way to get revenge is to seduce his wife's barely legal son. Stealing Innocents is an exploration of our darkest human impulses, where sex is power, love is horror, and there's no such thing as a happy ending.

"Head mage Alexander Stowe and his friends successfully fended off the latest threat to their magical world of Artim e with the help of a surprise ally. But old enemies have secretly been plotting against them. Now Alex must lead his people in a final epic battle, one they can't hope to win alone"--
