economics relates to students' lives and to the main issues of the day. Lovewell is written for the one-semester principles course, whereas our other offerings are designed for the two-semester market. "Bright, Right, Tight" are the three words a reviewer used to describe the Lovewell text.

This single volume text combines coverage of all the key microeconomic and macroeconomic concepts and topics found in an introductory economics course. The text has been used successfully with both college and university students. Lovewell features a sophisticated design, refined content in the area of formulas and organization, and significant online support.
