The greatest catastrophe in intellectual history was to regard physics as real and mathematics as an unreal abstraction. In fact, mathematics is noumenal (true) reality, and physics is phenomenal (illusory) reality. Mathematics tells you what things are in themselves, and physics tells you how they appear to us. Mathematics is the perfect ground of existence, defined by the God Equation. It's the source of causation, determinism and objective reality; all of the things now formally denied by physics, which claims that observable reality is indeterministically born of unreal, potentiality wavefunctions. It's time to replace the scientific method with the mathematical method. It's time to recognize that

true reality is intelligible, not sensible; noumenal, not phenomenal; unobservable, not observable; metaphysical, not physical; hidden, not manifest; rationalist, not empiricist; necessary, not contingent. Don't follow the crowd. Think for yourself.

A friend's duty. Tyler Murphy was an LAPD detective, single and happy—until a near-fatal tragedy crippled his friend, fellow detective Eric Catalano. While Tyler supported Eric, he also became a shoulder for Eric's wife, Delaney, to lean on. But with one naughty suggestion from Eric, a drunken night with Delaney spilled into erotic abandon. Before it was over, Tyler saw his best friend's wife as a woman and yearned for more. When Eric struggled to deal with the aftermath, Delaney begged Tyler to leave. Crushed, he fled to Louisiana, hoping to escape his longing for the one woman he could never have again...and unaware of what he'd left behind. A lover's desire. After two years of living with regret, Tyler finds Delaney on his doorstep, her husband having abandoned her long ago. She's protecting a shocking secret and desperately needs refuge from a

stalker determined to see her dead. As they fight to stay alive and catch the killer, they struggle to resolve the guilt of their past pleasures. But they can't deny that what was once a spark is now a flame burning out of control. To possess Delaney—body and soul—Tyler must heal her pain and thwart the evil that's a mere breath behind her... MATURE AUDIENCE

New from bestselling authors Mindy Starns Clark and Susan Meissner, *The Amish Groom* (Book 1 in *The Men of Lancaster County* series) explores the men of an Amish community in Lancaster County, how their Amish beliefs play out in their unique roles, and the women who change their lives. Born to an ex-Amish mother and an Englisch father, 23-year-old Tyler Anderson was raised as a military kid until the age of 6, when his mom passed

away. His dad, shipping off to yet another overseas post, placed Tyler in the care of his Amish grandparents, an arrangement that was supposed to be temporary. It lasted a lifetime. Rachel Hoeck is the young woman waiting for Tyler's proposal. She senses that though he loves her and wishes to make a commitment to her and his Amish beliefs, part of him still wonders whether an Amish lifestyle is truly for him. When an opportunity to connect with his father unexpectedly arises, a visit to California causes Tyler to question everything, including a future with Rachel. Will the new girl in his life, Lark, cause him to remain in the Englisch world? Or will he choose to be an Amish groom after all? A poignant novel of hoping for romance and searching for identity, set in a beloved Amish community.

This is a richly-illustrated study of 'The Oracles of the Three Shrines', the name given to a hanging scroll depicting three important Japanese shrine-deities and their respective oracle texts. The scroll has evolved continuously in Japan for 600 years, so different examples of it offer a series of 'windows' on developments in Japanese religious belief and practice.

As seen on Good Morning America and successfully adopted by thousands of subscribers, this easy-to-use system will help slash any household budget Now more than ever, people are desperate to save money without scrimping on every little purchase or sacrificing their lifestyle. Like most Americans, stay-at-home moms Chrissy Pate and Kristin McKee spent the lion's share of their budgets on what they assumed to be static costs such as groceries and utilities. But when using traditional couponing and cheapskate guides didn't help their budgets shrink by a dime, Pate and McKee decided to come up with their own way to save. Within a few months, their household expenses dropped by more than half-from spending \$800 each per month to less than \$350! only a few years after developing their "be centsable" system, Pate and McKee have helped thousands

of subscribers save money without spending hours finding and cutting coupons, or giving up "extras" like travel and entertainment. In this prescriptive guide, these authors show how anyone can save thousands of dollars on cleaning supplies, pet care, toys, travel, and most importantly, groceries-without giving up healthy foods, favorite products, or the occasional splurge.
